NOTE FOR: DDI

FROM: EA/ExDir

Admiral Inman has asked PFIAB member Ross Perot to look at how the Intelligence Community handled the Dozier kidnapping and the Libyan hit teams. Mr. Perot has requested that we provide him a chronology of events and all reporting on these two incidents.

Could you please ask [ ] and [ ] to tackle this? Have one of them call me after they have sized the task so we can establish a reasonable time frame and work the details.

Thanks,
